Date of Birth : 8 September, 1968

Education

University of Tokyo, Graduate Study, Department of Civil Engineering, Doctoral Course, 1996

University of Tokyo, Graduate Study, Department of Civil Engineering, Master Course, 1995

Nagoya University, Department of Civil Engineering, Bachelor, 1993

Qualification

Doctor of Engineering (University of Tokyo), 1998

Teaching / Research Experience

Nihon University, Department of Civil Engineering, Research Associate, 1996-2001

Nagoya University, Department of Civil Engineering, Research Associate, 2001-2004

Nagoya University, Center for Integrated Research in Science and Engineering, Associate Professor, 2004-2005

Nagoya University, EcoTopia Science Institute, Associate Professor, 2005-present

Awards

The incentive prize for young scholar from Japan Society of Civil Engineers, 1999

The incentive prize for young scholar from Japan Association for Wind Engineering, 2002

Patent

System for vibration prediction, Published patent application 2005-69986, Japan Patent Office

Major Research Interests

Wind effects on structures, Bridge aerodynamics, Computational fluid dynamics, Applications of wavelet theory to wind engineering

Memberships

Japan Society of Civil Engineers, Japan Society of Mechanical Engineers, Japan Association for Wind Engineering, Japan Society of Fluid Mechanics, Robotics Society of Japan
